

Fidelity from every angle

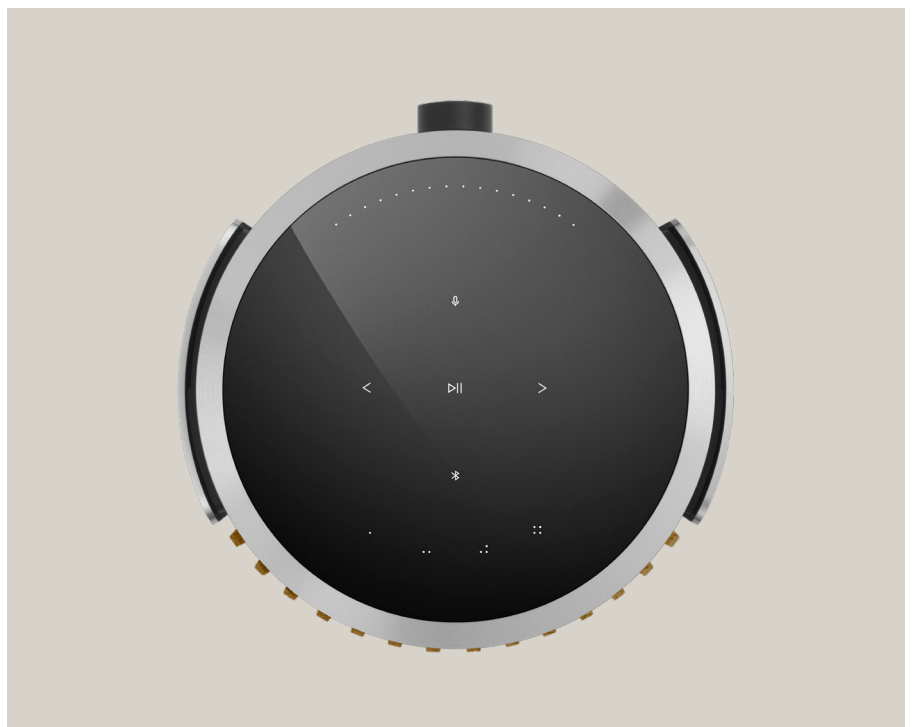

We've crafted three new speakers: a surround-sound powerhouse, a standalone masterpiece and a stirring stereo experience. The twist? They're all the same speaker.

Beolab 8 is the embodiment of versatility. Hear it shine on its own, sing in any set up and perform wherever you place it.

Why you'll love it

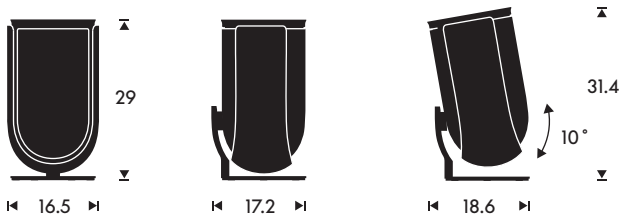

-  Groundbreaking, room-shaking sound.
-  High-resolution wireless streaming built in.
-  Maps your room for peak playback.
-  Plays anywhere. Table, floor, wall, it's your call.
-  Future-ready: swappable covers and upgradeable parts.

Key Selling Points

GROUNDBREAKING, ROOMSHAKING SOUND.

Enjoy all the power and pedigree of a Beolab speaker, anywhere in your home. A three-driver set up delivers detail and depth. The bass hits you with an intensity you wouldn't expect from a speaker the size of a sheet of paper. And it doesn't just have surprising brawn. It's got the brains to match.

LET THE MOMENT CLICK

With our Mozart platform at its heart, Beolab 8 can connect easily through WiFi 6 and Bluetooth 5.3. And it can stream just about anything. The platforms you love now. And the ones you'll love in the future. It has the power to process and play them all.

DECADES OF DESIGN. DISTILLED.

Beolab 8 is an all-out effort in effortless design. On top, an intuitive glass interface reacts to your fingertips. At the base, it nestles into a single piece of flowing aluminium – shaped in our fabled Factory 5.

Each of the three stand options is a piece of art in itself. Slender. Sculptural. Made to amplify Beolab 8's elegance. And that elegance? Yours to personalise. With richly textured fabric. Bands of solid oak. Whatever your aesthetic, Beolab 8 will optimise its sound to make the most of your chosen materials. The final touch? A laser-cut Bang & Olufsen marque that shines with light.
